

Actions

Stakeholder Group: _____

- **What is required (Actions, Mechanisms, Institutions, etc.)to achieve the purpose of the thematic area?**
- **Overarching issues**
 - **Networking on experiences, international and regional**
 - **State of knowledge and innovation**
- **Reposition livestock globally and nationally (performance and image)**
- **Political engagement and awareness raising to get recognition and attention (including better funding)**
- **Interdepartmental cooperation (coherence)**

continued

- **Capture good practices and experiences for transfer and guidance for countries wishing to pursue these practices (e.g. sharing of Codes of Practices, good practices, and Govs and industry)**
- **Share policy experiences relating to sustainable livestock**
- **Appropriate recognition of (international) trade issues in livestock sector development**
- **Facilitate capacity building of institutions supportive for livestock development**
- **Enabling environment for encouraging appropriate investments in sustainable livestock development and value adding activities**

Actions

Stakeholder Group: _____

- **Which of the elements that are required are already in place?**
- **Many of the mechanisms are already in place but they are not properly connected.**
- **Existing mechanisms should be made aware of, aligned, and linked with the aims and actions of the Platform.**

Actions

Stakeholder Group: _____

- **Where are the gaps?**
- **Many networks, public and private, national and regional are already in place but they are not properly linked. So we do not get the maximum effectiveness out of these.**
- **We need to connect these to the Platform as focal point.**
- **At national level, liaison groups are not yet always established**

Actions

Stakeholder Group: _____

- **What ACTIONS you could implement (or be responsible for) that will assist in the achievement of the purposes of the AOA?**
- **National governments provide relevant information on policies, programs and cooperation projects to the platform**
- **Aligning running or new projects with the objectives of the Platform**
- **Contribute to the further development of the Platform website**
- **Promote collaboration of the Platform with Programs of international organisations (e.g. WB, FAO, ILRI)**

Actions

- **Facilitate the establishment of national liaison groups and networks that link up with the Platform**
- **Encourage (national) stakeholders to respond to the work of the Platform**
