

GLOBAL AGENDA FOR  
SUSTAINABLE LIVESTOCK

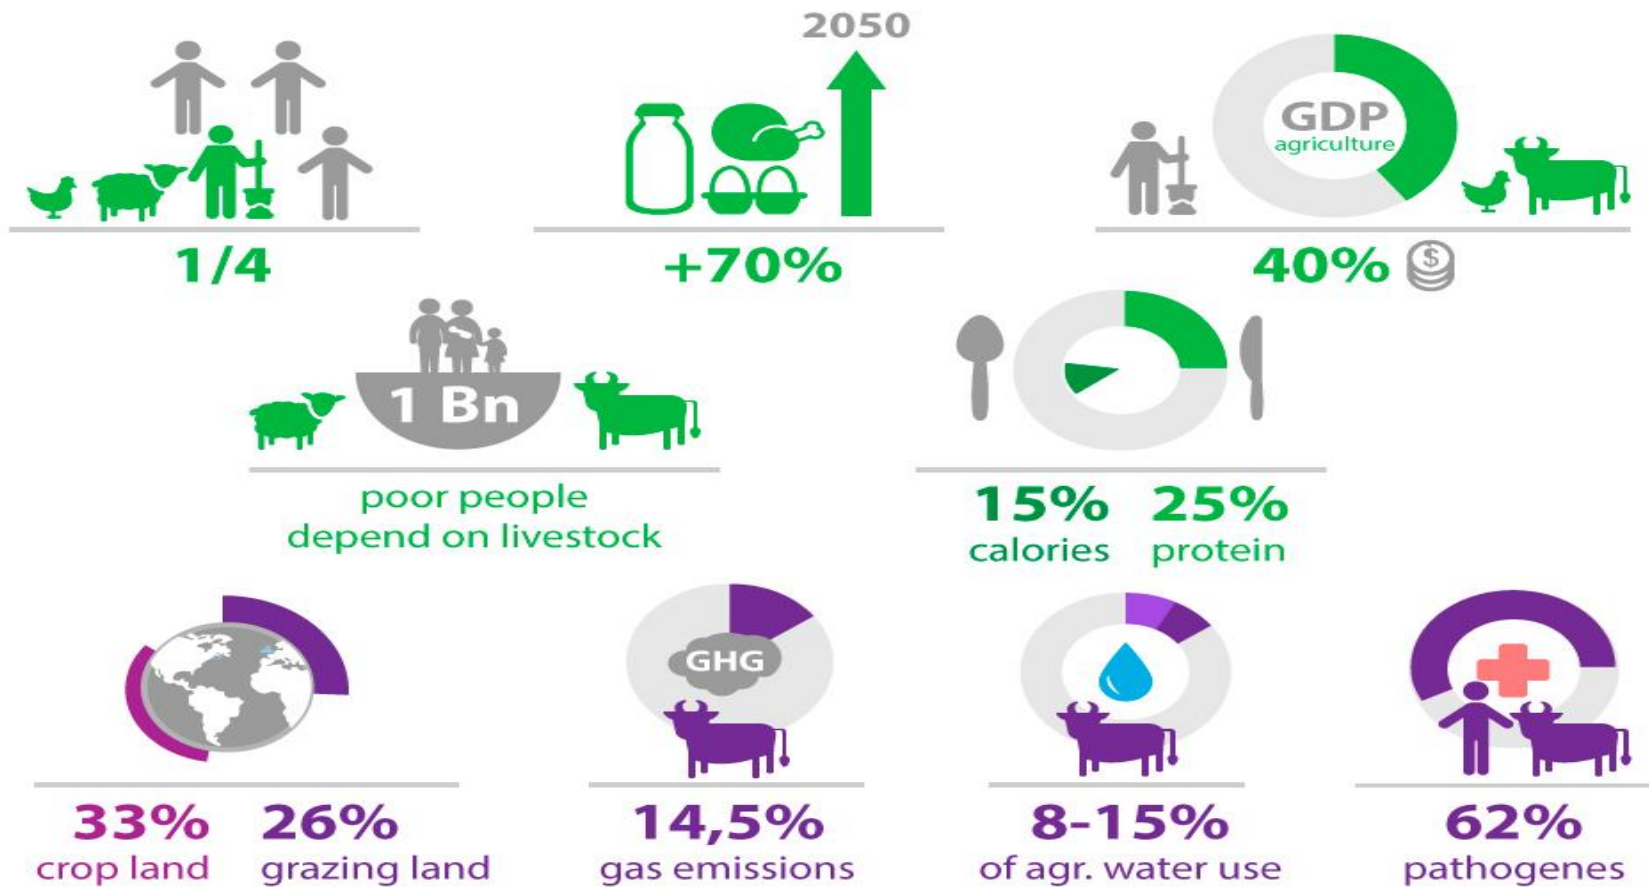

Neil Fraser  
Chair, Global Agenda for Sustainable Livestock

# THE GLOBAL AGENDA: CURRENT STATUS AND ACTION PLAN

Panama, 20-23 June 2016

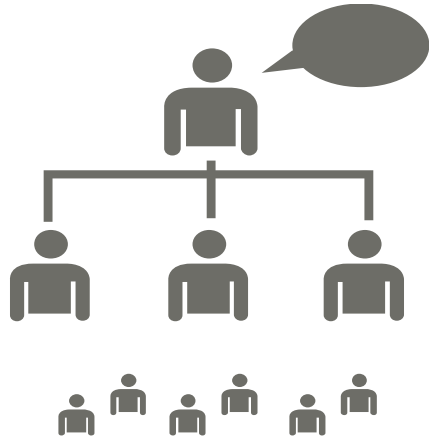

**BUILDING TOGETHER SUSTAINABLE LIVESTOCK**  
*for people, for the planet*

# Livestock – compelling figures

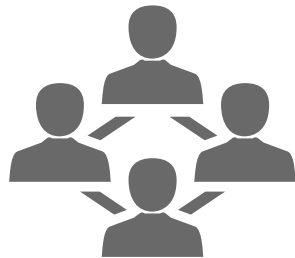

*But also water resources, biodiversity, human health ...*

At present for a sustainable livestock sector,  
there is not ...

- **one single answer**  
*diversity of contexts and systems*
- **one organization**
- **one stakeholder group**

Instead, there is a need for collective,  
concerted and global action

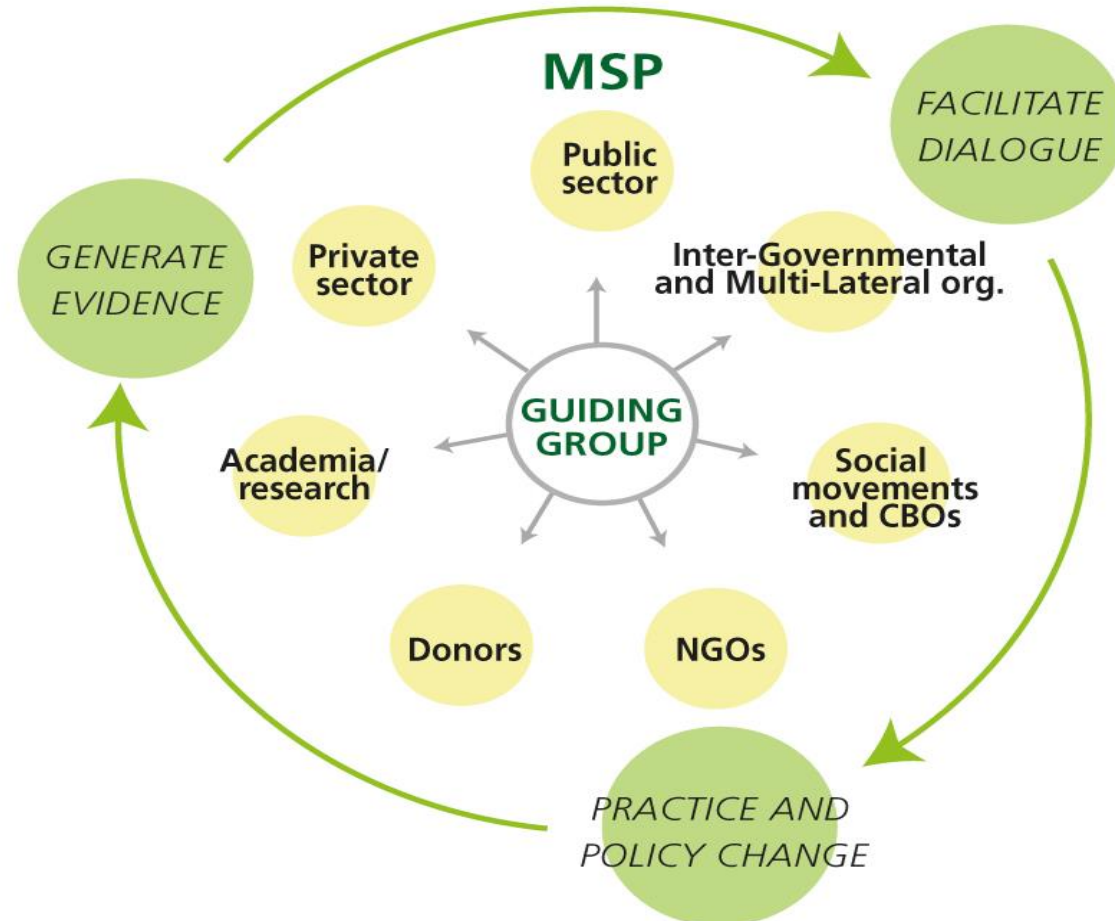

# The Global Agenda

Multi-stakeholder partnership that addresses global development issues related to livestock

Focus on  
continuous improvement

Inclusive & consensual

Knowledge based

Integrated and  
comprehensive sector  
approach

# Nature of the Agenda

- Multi-stakeholder partnership
- Open and voluntary
- Inclusive and consensual
- Direction of change
- Continuous improvement
- Evidence and knowledge based
- Respect

# Action Networks

**Closing the efficiency gap**

**Restoring value to grasslands**

**Waste to worth**

**Global Network on Silvo-Pastoral Systems**

**Dairy Asia Partnership for Health and Prosperity**

**Livestock Environmental Assessment and Performance Partnership (LEAP)**

**A livestock sustainability framework**

**Ending poverty with livestock**

**Animal Welfare**

**Investing in Sustainable Livestock**

## Developments and Achievements

- Consultation process started in 2010 (FAO COAG)
- 5 MSPs: Brazil (May 2011), Thailand (December 2011), Kenya (January 2013), Canada (October 2013), Cali (October 2014)  
(from environmental focus, to “full sustainability”, to SDGs)
- Other
  - Pivot to SDGs
  - Rules and Procedures
  - Active Guiding Group
  - Development of seven Clusters

## Developments and Achievements (cont'd)

- **The Global Agenda exists!! (and is growing)**
- Brought diverse stakeholders together: consensus, integrated approach, shared vision (Narrative)
- 'Key messages' developed
- Action networks: FA1, FA2, FA3, Dairy Asia, GNSPS, LEAP, .....
- NRU efficiency matrix; Grasslands pilots database; Manure kiosk; Enteric methane; LEAP guidelines
- Presentations (Berlin, Manila, Beijing, Milan EXPO, Geneva, .....
- Investment roundtable, Fribourg
- Linkages: GACSA, LRG of GRA, PKH

# Towards the Sustainable Development Goals

# The Way Forward.....OUTCOMES

1

Inclusive platform for policy dialogue,  
knowledge exchange, agreement on joint  
action, supporting the SDGs

Action Plan  
2016-2018

2

Tools, analytical evidence, dialogue,  
strategies,  
frameworks, policies

3

Local practice change through continuous improvement  
and innovation

## Action Plan 2016-2018

- **Outcome 1** – inclusive platform for policy dialogue, knowledge exchange, agreement on joint action, supporting SDGs
  - MSPs (global, regional)
  - Collaborative links with partner initiatives
  - Good practices and policies: analysis, reviews, guidelines
  - Communications/advocacy

## Action Plan 2016-2018

- **Outcome 2** – tools, analytical evidence, dialogue, towards policies, strategies, frameworks
  - Monitor/assess role of livestock in SDGs
  - Synergies, trade-offs
  - Global livestock priorities and emerging policy issues
  - National MSP processes

## Action Plan 2016-2018

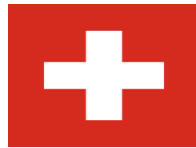

- **Outcome 3** – local practice change through continuous improvement and innovation
  - Develop livestock sustainability principles, guidelines, tools
  - Global assessment of natural resource use
  - Piloting
  - Promote investment (upscaling)

**Alone we can attempt: together we can achieve**

# Funding Needs

- **2016-2018 Budget: US \$5.3 Million**  
*(based on Action Plan approved November, 2015)*
- *US\$3.8M is core budget, US\$1.5M seed money for action (AN or national activities)*
- **Available funds 2016: US \$805,000**

- **Gap: US \$4.5 Million**
- **Fundraising Task Force established**

# Communication strategy

- 1 Internal communication strategy  
(SharePoint, Emails, Conference calls, MSP, GG meetings)
- 2 External communication strategy  
(Social Media campaign, Press Releases, Newsletters)

## Objectives of this meeting

- Determine how The Global Agenda can contribute to achieving the SDGs; Chair candidates; Topical issues
- Develop Action Networks – knowledge based, practice change; integrated tools (Day 2)
- Provide for the diversity of contexts and perspectives in The Global Agenda – regional policy dialogue (Day 3)
- Agreed actions by which partners will work towards ensuring policy and operational coherence (Day 4)
- Panama Declaration
- Ways of working and governance issues

# Alone we can attempt: together we can achieve

## PARTNERS OF THE GLOBAL AGENDA FOR SUSTAINABLE LIVESTOCK

## How to join?

Membership is open to those organizations who subscribe to the vision and core values of the platform by signing the consensus document:

1. Go on [www.livestockdialogue.org](http://www.livestockdialogue.org)
2. Download the consensus form
3. Send the signed form to:  
[livestock-dialogue@fao.org](mailto:livestock-dialogue@fao.org)
