Side Event 131

Enhancing Food Security through Innovation in Sustainable Livestock Systems

15 October 2019
18.00-19.30
Philippines Room (C-277), FAO
Rome, Italy

Presentation and Discussion of Innovative Multistakeholder Actions and Examples of Good Practices

This side event will demonstrate the essential roles of the livestock sector for sustainability improving food and nutrition security. Innovative solutions developed and implemented through a multistakeholder partnership approach will be illustrated to stimulate audience engagement and identification of opportunities. The speakers will share diverse perspectives from across the livestock sector.
