Global Agenda for Sustainable Livestock

Enhancing Food Security through Innovation in Sustainable Livestock Systems

Fritz Schneider, Chair GASL
CFS 46: Side Event
15. October 2019
What is the Global Agenda for Sustainable Livestock?

The Global Agenda for Sustainable Livestock (GASL) is a **multistakeholder partnership**.

GASL enhances the contribution of livestock systems to sustainable development.

GASL is a recognized platform for sharing solutions.
Main objectives of GASL

The Global Agenda

• facilitates dialogue
• assembles and communicates evidence
• advocates for change in practice and policy

The Global Agenda has **111** members of seven clusters.
The **UN Agenda 2030** with its 17 Sustainable Development Goals (SDGs) is the accepted reference frame for GASL.

GASL identified **nine** SDGs with strong direct links to the livestock sector:

1. **No Poverty**
2. **Zero Hunger**
3. **Good Health and Well-being**
4. **Gender Equality**
5. **Decent Work and Economic Growth**
6. **Climate Action**
7. **Life on Land**
8. **Partnerships for the Goals**
GASL and the four priority Sustainability Domains

- GASL adopted four sustainability domains.
- The domains guide the work of the Global Agenda
The **multistakeholder partnership meetings:**

- build consensus and share knowledge;
- develop a common vision of the potential contribution of the livestock sector to the SDGs.

Each meeting has a **specific theme.**

The meetings address both **global and regionally specific issues** with science debates and policy panels.

Innovation for Sustainable Livestock Systems

- Discussion of Innovation along the four GASL Sustainability Domains
- Role of Innovation in Sustainable Livestock Systems
- Role of Trade in Sustainable Livestock Systems
- Commitments for voluntary action by GASL members
- Presentation of research results, best practices, methodologies and tools (76 contributions in presentations and posters)
CFS Side Event:
Enhancing Food Security through Innovation in Sustainable Livestock Systems

• Banks on the results of the Kansas meeting
• Demonstrates the roles of livestock to sustainably improve food and nutrition security
• Shows innovative solutions developed through multistakeholder processes
• Stimulates audience to identify opportunities

Thank you for being here!
