The five functions of the Agenda of Action

- From the Brasilia consensus:
- Strategic analysis
- Sharing of knowledge and experience
- Capacity building
- Piloting new approaches
- Advocacy

Thematic focus area's of the Agenda of Action

- From the Phuket Road Map
- Closing the efficiency gap in natural resource use
- Restoring value to pasture
- Reduced discharge – towards full recovery of nutrients and energy from animal manure

Our tasks

- Let us:
- Provide input for the Agenda of Action
- Connect knowledge and research to innovation and piloting
- Provide concrete proposals for cooperation
