The Livestock Antimicrobial Partnership - LAMP

The Livestock Antimicrobial Partnership, LAMP, is an action network that works with tackling microbial resistance by drawing on practical experience and knowledge from its partners in different parts of the world.

LAMP is an action network within the Global Agenda for Sustainable Livestock, which is a partnership that brings together different stakeholders in the livestock sector to tackle antimicrobial resistance.

GLOBAL AGENDA FOR SUSTAINABLE LIVESTOCK
Moving forward

LAMP
Livestock AntiMicrobial Partnership

- Sharing practices
- Collecting practices
- Analyzing and synthesizing practices
- Testing and piloting practices

ACTION!
The multi-stakeholder partnership.....

LAMP and GASL is uniquely positioned to contribute to the mitigation of the AMR emergence!
