IFC Practices for Sustainable Investment in Private Sector Livestock Operations

Monday 3rd October  
17.15 – 18.15  
Plenary room

THE EVENT

IFC’s approach to investing in livestock companies is based on identifying and supporting sustainability in companies’ activities, and we recognize that the best way is through specific practices that enhance animal health and welfare, protect the environment, promote food safety, and respect relevant regulations and laws.

IFC will introduce the 7 Practices, followed by a discussion on the implementation of these practices.
